Adverse Weather Conditions Procedure

1 Purpose

From time to time there may be occasions where weather conditions are so adverse that some staff may either be prevented from attending at work or will be later in arriving and/or require to leave early. On occasion, adverse weather conditions may require a decision to be made and communicated on College closure. This document sets out the procedure to be followed to ensure a standardised approach is taken in such circumstances.

2 Scope

- 2.1 The procedures regarding non-attendance, late attendance and early departure apply to all staff. Separate procedures apply in relation to student attendance.
- 2.2 The procedures in relation to College closure apply to all staff and students and should be advised to customers, eg customers of the Nursery, restaurant and salons.

3 Definitions

- 3.1 For the purpose of this document, adverse weather is defined as weather such as snow, ice, fog, floods, which render journeys by road extremely hazardous.
- 3.2 College Management/College Managers means members of the Senior Management Team (SMT) and College Management Team (CMT).
- 3.3 Line Manager means the supervisor or CMT or SMT member to whom the employee reports.
- 3.4 Closure means the closure of College buildings in the area affected by the adverse weather conditions. This does not necessarily mean the closure of all College buildings, eg main campus, Pathways and Learning Centres, AST at Scone.

4 Responsibilities

- 4.1 It is the duty of each employee to attend work and all staff have a responsibility to make every reasonable attempt to reach their normal place of employment.
- 4.2 Where an employee is unable to attend work at their normal start time due to adverse weather conditions, they have a responsibility to notify their line manager as soon as is reasonably practicable of their late attendance.

- 4.3 Employees should not, however, put themselves at risk where severe weather warnings have been issued.
- 4.4 Where an employee requires to finish work earlier than their normal finish time, to enable travel in adverse weather conditions, they have a responsibility to obtain the permission of their line manager.
- 4.5 College Managers will be responsible for ensuring 'business as usual' for students and customers as far as is reasonably practicable where the College remains open during periods of adverse weather.
- 4.6 College Managers will be responsible for the fair, reasonable and consistent application of the terms of this procedure where staff are prevented from attending work, arrive late or request to leave early due to adverse weather conditions.
- 4.7 The College's Senior Management Team will be responsible for making decisions on College closure informed where appropriate by information from the AA, the Police, the local radio or the Met Office, and taking into account reasonable operational requirements. The Senior Management Team will be responsible for ensuring that notice of College closure is conveyed appropriately and timely for staff and students.
- 4.8 Where a College closure has been announced, all staff and students have a responsibility to check for announcements on re-opening/resumption of normal College operations.
- 4.9 Quality approval check of the procedure is the responsibility of the Quality Manager who will arrange for the procedure to be posted in the intranet.

5 Procedure

5.1 Late Attendance

5.1.1 Where an employee has genuinely been prevented from attending work at their normal start time due to adverse weather conditions, the employee must contact their line manager at the earliest (safe) opportunity to notify their late attendance. When at work, the employee and their line manager must agree a flexible arrangement to make up the lost time.

5.1.2 The period shall not be counted as an occasion of lateness.

5.2 Non-Attendance at Work

5.2.1 Where an employee considers that they will be unable to attend work due to the adverse weather conditions, they must contact their line manager as soon as possible. The employee and their line manager must agree a flexible arrangement to make up the lost time. This may include use of annual leave or TOIL. Managers should consider

requests sympathetically but will require to balance the operational needs of the College and the impact on its students, customers and other staff when considering such requests.

5.2.2 The absence shall not count as sick leave, compassionate leave, time off for emergencies or similar time off.

5.3 Leaving Work Early

5.3.1 Where adverse weather conditions arise during the working day, employees should be released only where there is evidence that they will encounter difficulty in reaching their home. Weather information, where the employee lives and their mode of travel should all be taken into account. Managers should consider requests sympathetically but will require to balance the operational needs of the College and the impact on its students, customers and other staff when considering such requests.

5.3.2 Employees must request to leave early, making the request to their line manager.

5.3.3 Where the request to leave early is approved, the manager and the employee must agree how the lost time shall be made up. The absence shall not count as sick leave, compassionate leave, time off for emergencies or similar time off. Annual leave or TOIL may however be used.

5.3.4 Employees must not leave work early without such approval and arrangement for making up the lost time. To do so may constitute an unauthorised absence.

5.4 Closure of College Buildings

5.4.1 The decision to close the College buildings affected by adverse weather will be made by the Senior Management Team and communicated to staff and students primarily through the college website and also any other appropriate means.

5.4.2 Information on College closure will be publicly available through announcements on Radio Tay and Perth FM and by a message on PerthNet Staff and Student, the College website and switchboard.

5.4.3 Where a College closure is announced, unless otherwise not possible due to business reasons, the College will be closed to all staff, students and customers.

5.4.4 College re-opening announcements will be made through the same communication methods. All staff and students have a responsibility to check the announcements for College closure and re-opening.

5.5 Abuse of Procedures

Employees who are found to have abused these procedures will either be required to work the hours missed or will have payment for the hours deducted from their salary. They may also be subject to disciplinary procedures.

Appendix 2

Record of Staff Non-Attendance and Remedy

When the college is closed there is no requirement for staff to report to line managers. When the college is announced as open all staff should report to their line manager as soon as is reasonably practicable their attendance intentions in line with the Adverse Weather Conditions Procedures.

Staff who cannot make it in to their normal place of work because of the bad weather when their workplace is open, do have to take annual leave, unpaid leave, make up the time or make whatever necessary arrangement with their manager as per the Adverse Weather Conditions Procedure.

To ensure the policy is fairly implemented the form "Copy of Adverse Weather Staff Nonattendance Form Jan 11_1" should be completed by managers for their teams after each incident of adverse weather and submitted to Human Resources Department.

The form requires notification of the remedy for the members of staff not attending under the following headings:

| |
|--|
| *U - Unpaid H - Holiday WFH - Worked From Home TOIL - Time Off In Lieu WAH - Worked Additional Hours OTHER - Please state |
|--|
