Policy for the Approval of Cross-College Policy, Strategy and Procedure

1 Purpose

- 1.1 To ensure appropriate Governance arrangements are in place in the creation, approval and implementation of all Cross-College Policy, Strategy and Procedure.

2 Scope

- 2.1 The policy covers the creation of all Cross-College Policy, Strategy and Procedure. It does not cover local departmental operational planning or processes.

3 Definitions

- 3.1 **Governance**, in relation to this policy, is overseen by the Board of Management or its delegated authority, to ensure that the College establishes and develops appropriate Policies, Strategies and Procedures, and has robust systems for the continuous monitoring of their proper implementation.
- 3.2 A **Policy** is a written set of principles that guide and reflect the position and values of the College on a given subject and are used as a basis for guiding and making decisions.
- 3.3 A **Strategy** is a general plan or set of plans intended to achieve a long-term or overall aim. The scope of a Strategy should align to the college's strategic aims and values and encompass relevant key policy principles.

A Strategy should have an accompanying **Action Plan** to organise and monitor activities adopted to implement the Strategy.

- 3.4 A **Procedure** (also known as Process) describes the steps to be performed to deliver the associated Policy. A Procedure will also establish who is responsible for the actions, defines acceptable practice and sets boundaries. There may be more than one Procedure associated with a Policy and more than one Policy guiding a Procedure.
- 3.5 A **Business Case** (also known as Business Proposal) describes the justification for a proposed project or undertaking on the basis of its expected benefit. Whilst a Business Case may be closely aligned to a Strategy, its primary focus is likely to be on specific aims and it may therefore be appropriate for the Business Case to be approved directly by the appropriate College or Board Committee.
