

# General Risk Assessment Form

(Management of Health and Safety at Work Regulations 1999)

Form A

Reference No: PC-22-20-v5

Curriculum Area/ Department:	Perth College UHI	Risk Assessors (Name/Position):	Ian Bow (HSWA)	Date of Assessment:	05/08/2020
Description of Activity:	<p><b>Staff Return to Work (COVID-19)</b></p> <p>The aim of this assessment is to mitigate the risk of contracting/transmitting Covid-19 at work by implementing Campus wide control measures. Control measures shall also reduce the risk to students, contractors and visitors. This assessment has been developed using current knowledge and guidance from UK and Scottish Governments, NHS and HPS and should be read in conjunction with task, activity and process risk assessments already in place. Risk assessments will be reviewed on a regular basis as directed by changes in legislation, guidance and best practice.</p> <p>Approval for individual member of staff to return to work is conditional upon satisfactory completion of the Health Assessment via the Occupational Health Provider and associated individual risk assessment if required, <u>and</u> confirmation from the Sector Development Director/Head of Department that completion of the employee's work can only take place on campus and cannot be completed remotely. Employees must inform their line manager and Sector Development Director/Head of Department of any changes in circumstances which may impact on their ability to return to campus to allow for a review of their circumstances and individual risk assessment if required. If an employee displays any of the symptoms of COVID-19 then they must not attend work but must report this to their line manager and Sector Development Director/Head of Department.</p>

16	<b>Hazard</b>	Staff	<p><b>All staff are to be aware of Staff Return to Campus Guide 2020.</b></p> <p>Staff becoming unwell with a new continuous cough or a high temperature in the workplace are to wear a face covering/mask and make their way to Brahan building reception.</p> <p>Staff are to Inform reception they require access to an Isolation Room, (Brahan Ground Floor rooms 017 and 018a, Goodlyburn First Floor rooms 512 and 513, Webster First Floor room 810).</p> <p>Once inside, staff must follow the instructions regarding NHS Inform and not leave the room until ready to go home or go to the toilet.</p> <p>Do not leave the room for any other reason, do not make physical contact with other persons.</p> <p>The room/area where the ill person has occupied shall be cleaned and disinfected.</p> <p>The room is to remain closed off until such time as the room/area has been cleaned and disinfected.</p>	5	3	15	<p>Current Controls Adequate</p> <p><b>Note:</b> Controls to be monitored and assessment reviewed.</p> <p>All staff are requested to contact the Health, Safety and Wellbeing Advisor should they have any comments or observations of this assessment and controls throughout the College</p>	5 x 2 = 10			
	Symptoms at Work										
	<p><b>Harm</b></p> <p>Risk of infection and/or transmission of virus causing severe illness and/or fatality</p>										

Assign values for the hazard severity (a) and likelihood of occurrence (b) (taking into account the frequency and duration of exposure) on a scale of 1 to 5, then multiply them together to give the rating band.

Hazard Severity (a)	Likelihood of Occurrence (b)
1 – Trivial (eg discomfort, slight bruising, self-help recovery)	1 – Rare (almost never)
2 – Minor (eg small cut, abrasion, basic first aid need)	2 – Unlikely (occurs rarely)
3 – Moderate (eg strain, sprain, incapacitation > 3 days)	3 – Possible (could occur, but uncommon)
4 – Major (eg fracture, hospitalisation >24 hrs, incapacitation >4 weeks)	4 – Likely (recurrent but not frequent)
5 – Fatal (single or multiple)	5 – Very likely (occurs frequently)

CONSEQUENCE	LIKELIHOOD				
	Rare (1)	Unlikely (2)	Possible (3)	Likely (4)	Very Likely (5)
Fatal (5)	5	10	15	20	25
Major (4)	4	8	12	16	20
Moderate (3)	3	6	9	12	15
Minor (2)	2	4	6	8	10
Trivial (1)	1	2	3	4	5

The risk rating (high, medium or low) indicates the level of response required to be taken.

Rating Bands (a x b)		
Low Risk (1 to 8)	Medium Risk (9 to 12)	High Risk (15 to 25)
Continue, but review periodically to ensure controls remain effective	Continue, but implement additional reasonably practicable controls where possible and monitor regularly	<b>STOP THE ACTIVITY</b> Identify new controls. Activity must not proceed until risks are reduced to a low or medium level
