

## Public Transport in Perth City

*Be kind to the environment...  
Leave your car at home  
**THINK BUS THINK TRAIN**  
If you have to bring your car  
**THINK car sharing or PARK+RIDE***

Perth can be reached from most directions by a network of fast and reliable rail and express coach services. In addition local bus operators provide frequent links to Perth from most local towns. Perth City bus services are operated by Stagecoach Perth which offers an excellent value Megarider ticket for regular passengers. An increasing number of services use state-of-the-art 'easy access' vehicles suited to senior citizens, shoppers, adults with children and those with mobility problems.

A Park+Ride facility for 400 vehicles is available at the Broxden roundabout. This is situated at the junction of the M90/A9 bypass with the A9 Stirling Road. A second Park+Ride operates from a car park adjacent to the A94 at the North end of Scone. Kinross Park+Ride at Junction 6 on the M90 allows motorists to link with the coach services to Perth and Edinburgh.

For further details regarding the above Park+Ride sites, please contact Perth & Kinross Council's Public Transport Unit on 0845 30 111 30 or email [publictransport@pkc.gov.uk](mailto:publictransport@pkc.gov.uk)

## Car Park Guidance System

Although there are many alternative forms of transport available, occasionally it may be necessary to bring your car into Perth City Centre. In order to improve traffic flow and reduce the need to drive around searching for a space, a car parking guidance system is in operation in the City Centre.

The system operates display signs to give advance information to motorists about major off-street car parks.

On the approach roads into the city centre signs similar to the one shown opposite will indicate the availability of spaces and the direction to the car parks covered by the system.

The map in this leaflet indicates all the parking areas available and the conditions attached to them.
